BRITISH ARMY WEBBING- P37 PATTERN: ENLISTED MEN & NCO's

KW3D135005, KW3D135006, KW3D135007- British Army Personal Equipment- Enlisted men & other ranks

** Note that straps have deliberately been made over length to allow for the differences in component dimensions in various kits and figure sets. It is recommended that a thin piece of masking tape is used in order to ascertain the required length of items marked 'cut to'. It is also recommended to study reference photographs closely to note the position of each item.

1. P37 web belt- cut to length required at non-buckled end.
